EDUCATION

Montgomery College – Rockville, MD

Expected Graduation: 2027

Degree: Associate of Science in General/Mechanical Engineering

University of Maryland – Rockville, MD

Expected Graduation: 2029

Degree: Bachelor of Science in Mechatronics Engineering

TECHNICAL SKILLS

- **Programming:** Python, C++
- **Data Analysis & Visualization:** Pandas, NumPy, Data Cleaning, Feature Engineering, Seaborn, Matplotlib
- **Hardware & Tools:** Arduino IDE, TinkerCAD, Ultrasonic Sensors, Motor Controllers, Github, Jupyter Notebook
- **Machine Learning:** Scikit-learn, Random Forest, Cross-Validation

TECHNICAL PROJECTS

Obstacle Avoiding Robot (C++, TinkerCAD, Arduino) (In Progress)

- Programmed C++ algorithms to calculate real-time motor and wheel adjustments based on object distance
- Modeled circuitry and component interaction in TinkerCAD prior to hardware assembly
- Assembled hardware architecture integrating an Arduino board, motor controllers, DC motors, and ultrasonic sensors

LA Crime Analysis (Python, Pandas, Seaborn)

- Processed and analyzed multi-year crime data using Pandas to extract yearly trends
- Aggregated data to determine top 5 crime categories by year
- Visualized trends using Seaborn FacetGrid bar charts to compare crime patterns across multiple years

Exoplanet Discovery Analysis (Python, Pandas, Scikit-learn)

- Used NASA API to extract exoplanet data using Python and Pandas
- Built and evaluated machine learning models (Random Forest) to classify exoplanet discovery methods
- Applied stratified cross-validation to preserve class distributions and ensure reliable model performance
- Interpreted model results to understand relationships between planetary features and discovery techniques

WORK EXPERIENCE

Sales Associate, Old Navy – Bethesda, MD

July 2025 - Present

- Promote the company's rewards programs and encourage customers to join
- Process transactions using the POS system and handle returns from online and in-store purchases

Worker, Neal's Bagels – Gaithersburg, MD

July 2023 - September 2025

- Managed transactions accurately and efficiently, developing strong money-management skills
- Resolved customer disputes, demonstrating effective problem-solving and conflict resolution techniques.

City Worker, Inclusion Companion – Gaithersburg, MD

June 2022 – August 2022

- Led and coached groups of children (6-10) during the summer
- Assumed leadership and responsibility for the safety and well-being of kids
